

## **President Vaclav Klaus**

The “Outstanding Courage Award” goes to President Vaclav Klaus of the Czech Republic.

He is the only Head of State in the world to stand up and expose the fragility of arguments put forward by Climate Alarmists.

Vaclav Klaus explains that he and his Czech colleagues have spent too many years building the economy of the Czech Republic, to simply stand by and see it destroyed by nonsense.

Examples of his recent speeches are featured on our feature on [www.mannkal.org](http://www.mannkal.org):

- *From Climate Alarmism to Climate Realism*

- *Climate alarmists pose real threat to freedom*

and his latest book should be of interest to anyone actually seeking the facts. It is titled “***Blue Planet in Green Shackles (what is endangered, climate or freedom?)***” and is obtainable from the Competitive Enterprise Institute ([www.cei.org](http://www.cei.org)).
